The information You provide Europcar with at the time of booking (such as the duration of the rental or Your age or any additional Driver's age) will have an impact on the price You will pay. Any change to that information could therefore mean that the price also changes. The price of Your rental will be those in force at the time of booking or at the time You make any subsequent changes to the booking.

The price You will pay comprises the following costs:

- The daily rental charge for the Vehicle for the agreed number of calendar days, calculated on the basis of 24 hour periods (this will include the standard mobility services above mentioned);
- Any other mobility services You choose to add at Your further cost;
- VAT;
- Any additional fees that are linked to You personally (for example: Your age (if You are a young driver).

By contracting with Europcar, You expressly allow Europcar to charge Your means of payment for any unpaid amount related to Your rental. In this regard, Your express consent will be given at the Europcar station when you will provide our agent with your mean of payment before picking up the Vehicle.

9) WHAT ARE THE OTHER FEES / CHARGES THAT I MAY HAVE TO PAY?

- **The Deposit.** In addition to the rental price You have prepaid during the booking or that You will pay at the pick-up time or at the check-in) Europcar is requiring You to leave Europcar with some security for any additional charges that may arise during the use of the Vehicle over the Hire Period. This security is in the form of a financial deposit which takes the form of a bank pre-authorization. If you have booked your Vehicle by remote means of communication (website, mobile application or phone), the deposit amount is recalled in the confirmation email that You will have received following your booking. In any case, the deposit amount will be reminded at the Europcar station. Should You need any additional information regarding the deposit, please refer to the paragraph 19 below (*"Must I pay a deposit before picking up the Vehicle?"*)
- Europcar may also charge You for various services or costs that Europcar will have to perform or to bear relating to incidents that may have occurred during the Hire Period and/or how You used the Vehicle.

The prices (inclusive of VAT) of these charges and fees are listed in the Recommended Tariff Guide attached to Your confirmation email (if a rental reservation is made online) or/and which is provided to You when You pick up the Vehicle at Europcar station or available on the Europcar website. Such charges and fees include without limitation:

- Administration fees for handling fines or tolls, up to the amount of Eur 40,00 per file. Please note that such administration fees are payable in addition to the fine or toll to which it relates and You are fully liable to pay such fines or tolls;
- Administration fee for handling damages up to Eur 40;
- Cleaning fees for a Vehicle returned in an unacceptable (more than the contractual use) and/or dirty state;
- Charges for lost or stolen keys;
- "Damage" to the Vehicle (any physical damage to the Vehicle or vandalism) and / or "Theft of the

Vehicle" (theft of the Vehicle itself or of accessories and / or attempted theft of the Vehicle or any accessories). Your liability for this can be limited according to the type of protection You have elected to take out (please refer to the Europcar Insurance and Protection guide attached to Your confirmation email or available from Europcar branches and/or Europcar websites);

- All and any fuel used during the Hire Period;
- Refuelling service charge if you don't return the Vehicle with a full tank;
- Additional mileage over and above the mileage that is included in the rental charge (if any);
- Charge for the electronic toll device in case of disappearance or damage;
- The following additional specific charges: (i) pick-ups and drop offs at the airport or railway stations, if applicable, (ii) the cost to return the Vehicle to a Europcar station other than the one from which You picked it up (iii) the extension of Your rental.

10) WHAT SHOULD I PAY ATTENTION TO WHEN PICKING UP THE VEHICLE?

When You pick up the Vehicle from Europcar You will be asked to sign among the others a section on the Rental Agreement that describes the Vehicle's condition at that particular time.

If You notice any apparent defect or damage that is not described on the Rental Agreement then You should ensure a note is made on the document and that both You and the Europcar agent sign the change to it. Failure to request the above mentioned notice for this additional apparent defect or damage, Europcar is entitled to assume that You have accepted the Vehicle in the condition set out on the Rental Agreement and to charge You for any new damage that is noted by You and the Europcar agent when the Vehicle is inspected by both parties at the time of its return.

11) WHAT PROCEDURES ARE BEING APPLIED WHEN RETURNING THE VEHICLE?

a) Return of the Vehicle during opening hours of Europcar's station

You should return the Vehicle to the Europcar station, at the latest, on the date and at the time shown on the Rental Agreement. You may return the Vehicle to another Europcar station for the cost mentioned on the Recommended Tariff document attached to your confirmation e-mail if you made the reservation through distance means. This document may also be consulted on spot in stations and/or on Europcar website.

The Hire Period will end when You return the Vehicle to the Europcar station and hand the Vehicle keys and the registration documents to a Europcar agent or its representative.

Any return of the Vehicle at an earliest stage than the date and time mentioned on the Rental Agreement shall not give rise to any reimbursement

When You do return the Vehicle to Europcar You must take the opportunity to inspect the Vehicle together with the Europcar agent or its representative and countersign a Vehicle restitution damage report.

Europcar shall give You a document where Europcar declares that the Vehicle was regularly returned to Europcar ("**Statement of Return of the Vehicle**").

Europcar cannot be held liable for eventual property and/or objects You may have forgotten in the Vehicle

b) "Out-of-hours" return Service

Europcar recommends to return the Vehicle during opening hours of its stations. However, to meet the specific needs of some of its clients, Europcar offers, in certain stations, an additional "out-of-hours" service

If You opt for this "out of hours" service, You accept that the Vehicle condition report can be drawn by the Europcar agent or its representative without your presence and after the drop off the keys.

In stations offering "out of hours" return services, the above-described procedure (see point 11)-a)) was adapted to enable these stations to offer this service in the best possible conditions.

In particular, You are to declare any incident and/or Damage that affects the conditions of the Vehicle on the document that will have been hand in to You to that matter when You picked up the Vehicle.

Depending on the available systems and the information that You will have received from Europcar, this document must be leaved into the Vehicle or returned with the keys in the "keys drop off box" provided for that effect.

Please note that your Rental Agreement does not automatically ends when You drop off the keys: the Vehicle will remain on the parking space where You will have parked it until opening of the Europcar station that will proceed to the inspection of the Vehicle and close your Rental Agreement. Therefore, Europcar reminds you that you must park the Vehicle on an area provided for that

purpose and in a manner so that the Vehicle is not a danger to others or hamper traffic as aimed by the Highway Code. You must also leave the Vehicle registration papers in the glove box.

Providing that the Vehicle is inspected at a later stage – during opening hours of the station – Europcar recommends You to take photographs of the Vehicle in order to keep evidences of the state of return of the Vehicle once it is parked and before the drop off of the keys.

Once the inspection is made and in the absence of damage, Europcar will send You the Statement of Return of the Vehicle.

Europcar cannot be held liable for eventual property and/or objects You may have forgotten in the Vehicle

c) Return of the Vehicle without your presence and during opening hours of Europcar's station.

If you are unable and/or refuse to inspect the Vehicle together with the Europcar agent or its representative, Europcar is authorised to inspect the Vehicle itself without your presence and to register your refusal of a contradictory inventory.

The same Procedure as the one described above will applied (See 11°-b)).

d) Late return of the Vehicle

In the event that the Vehicle is not returned on the date shown on the Rental Agreement, and if a period of 24 hour elapses without there being any news regarding the delay in its return, Europcar is entitled to:

- regard the Vehicle as having been unlawfully appropriated and shall report this to the competent local authorities;
- Charge You the rental charge for each day that You keep the Vehicle beyond the expiry time and date, plus a compensation equal to twice the payable amount, unless You can demonstrate that You have no longer the disposal of the Vehicle through no fault of your own or that the non-restitution of the Vehicle resulted through no fault of Your own;
- claim to You all the damages and losses suffered by Europcar and all the fines, tolls, penalties or sanctions that falls on the Vehicle as a result of demands issued to it by public administrations for the purpose of identifying the perpetrator or clarifying other circumstances relating to a breach or criminal offence;
- Start legal proceedings in order to claim the immediate return of the Vehicle.

Please note that, in such case, protections and additional contractual services would have no effect.

12) DAMAGES TO THE VEHICLE

In case of differences between the state of the Vehicle as described upon check out and the one identified upon return, You may pay the amount as defined below.

a) Damages identified upon return of the Vehicle and in your presence

If some damages are identified upon return of the Vehicle when the inspection made, in your presence and in the presence of the Europcar agent or its representative, and if You acknowledge the damages by signing the Statement of Return of the Vehicle, Europcar will hand in to You an assessment of repair costs that may be charged to You.

Repair costs vary depending if it is qualified as a Light Damage or not:

- Light Damage (minor insubstantial damage caused to the Vehicle without altering its delivery to the rental and permitting its movement in accordance with the provisions of the Highway Code such as, for instance, without being exhaustive: small scratches; light impacts on windshield), is charged according to the to the Recommended Europcar price list available in any Europcar station and on our website at the following URL address: [Light Damage Recommended Prices](#), which includes vehicle immobilisation costs, along with damage administration fees.
- Any other damage not included in the above mentioned Recommended price list and/or other more Serious Damage (substantial Damage impairing the delivery of the Vehicle rentals and requiring its temporary immobilization for repair such as, for instance, without being exhaustive: damages bodywork) will be evaluated by an expert and charged according to the expert's report or a cost estimation made with an auto-repair garage.

If You contest Damages and their invoicing by refusing to sign the statement of return of the Vehicle, Europcar will apply the procedure described below (see article 12)-b).

b) Damages identified in case of an out-of-hours return and without your presence.

If Damages are identified during the inspection of the Vehicle by a Europcar Agent or its representative without

your presence, Europcar will send to you the following documents:

- Statement of Return of the Vehicle describing all Damages identified
- pictures of Damages
- An estimate (quote) of the costs of repair that will vary depending of the nature of the Damage (see above, article 12)-a) paragraph 2) and the Vehicle immobilisation and administration fees for the treatment of the Damage

You will be able to challenge Damages identified and their invoicing within 14 calendar days after the sending (by e-mail or regular letter) of the documents, at the following address: damages.pt@europcar.com or Apartado 8332, Cabo Ruivo, 1804 – 001 Lisboa.

If You fail challenging or justifying within the above mentioned period of 14 days, Europcar reserves the right to invoice You the identified costs.

c) Common rules

Please note that depending upon the Damage suffered by the Vehicle and the type of protection You have subscribed to with Europcar (see the Europcar Insurance & Protections Provisions attached to Your confirmation email or available from all Europcar stations and/or on Europcar's websites) You may or may not be charged for the full or for the partial amount of the cost of repair.

In any case, You will be able to challenge Damages and their invoicing by acting before the competent jurisdictions pursuant to dispositions of article 23 ("*What happens in case of dispute related to my rental?*").

13) WHAT IS EXPECTED OF ME REGARDING THE VEHICLE MAINTENANCE?

During Your rental You must take any protective actions necessary to keep the Vehicle in the same condition as that in which You have taken possession.

You should remain alert to any signal from the warning lights on the Vehicle's dashboard and take any necessary protective actions.

In the event of damage to one of them other than by ordinary wear and tear, latent defect or force majeure, You undertake to replace it immediately at Your own expense with a tyre of the same size, type and brand.

Any modification to or mechanical interventions on the Vehicle are forbidden without Europcar's prior written authorisation. Should this rule be breached, You must bear the duly justified costs of restoring the Vehicle in the same state in which You have taken possession.

You will be liable towards Europcar for any detrimental consequence arising out of any infringement to the abovementioned maintenance obligations.

15) WHEN SHALL I RECEIVE MY INVOICE AND PAY FOR THE RENTAL?

You will receive an invoice once all elements of Your rental have been settled and no earlier than the day after the Vehicle return date.

- You will pay or be charged the full amount in one or in several lots depending on the situation.
- You may decide to prepay (prepayment of your booking made online, via our call center or at the Europcar station) Your rental which will include the daily rental charge of the Vehicle and accessories for the Hire Period and for any additional mobility services. Your means of payment will be debited by the agreed amount. You will receive an invoice or a receipt for that prepayment. In addition, the prepaid amount

will be mentioned on the final invoice and deducted from the eventual total amount (still) to be paid.

- If You decide not to prepay Your rental at booking time, the amount of the deposit plus the rental charges for the Vehicle and any accessories, any additional services or drivers or protections You decide to take out before You take the Vehicle away will be shown on the Rental Agreement that You will have to agree and sign before picking up of the Vehicle. Guide attached to Your confirmation email and available from Europcar stations and/or on the Europcar website).

17) WHAT IF I WANT TO EXTEND MY RENTAL AGREEMENT?

In case You want to extend the Hire Period shown on Your Rental Agreement You should take the following steps:

- Give a call to the Europcar station of check out
- Go to the nearest Europcar station
- Carry out a check of the Vehicle together with a Europcar agent
- Sign an amendment to the Rental Agreement or a new Rental Agreement, according to the situation
- If You want to change your rental conditions, besides signing a new Rental Agreement, You will have to pay the former rental and additional charges.

If You don't comply with the above mentioned conditions and keep the Vehicle, the terms of article 11 d) "*Late Return of the Vehicle*" will apply.

18) WHAT IS THE FUEL POLICY?

You must be aware that rules applicable to fuelling and refuelling depend on the country of rental and the type of rental product You have elected. Please check carefully the rules applicable for every rental You make.

All Vehicles are supplied with a full tank of fuel. The following situations may then arise:

1) Full to full

We provide You with a Vehicle with a full tank of fuel of a determined level of fuel mentioned in the Rental Agreement.

- You return the Vehicle with a full tank of fuel and You pay nothing for either refuelling charge or fuel.
- If the Vehicle is not returned with the same level of fuel to the one identified at the pick-up time, You will be charged the cost of the missing fuel, plus a refuelling charge (please refer to the Recommended Tariff Guide attached to Your confirmation email and available from Europcar stations and/or on the Europcar website).

2) Full Tank Option

- At pick up You have the possibility to pay for the price of a full tank of fuel. The cost of this will depend on the Vehicle category.

- In this case, You may return the Vehicle with whatever fuel is left in it. Whilst Europcar will not charge You for refuelling the Vehicle Europcar will not reimburse You for any unused fuel.

19) MUST I PAY A DEPOSIT BEFORE PICKING UP THE VEHICLE?

When You pick up the Vehicle, You grant a credit card authorization for a deposit or pay a deposit by certified bank check or money.

The deposit is intended to cover additional rental costs.

If You have paid for your rental in advance, the amount of the deposit is 300 EUR (or the equivalent in local currency). If You have not already paid for your rental when You made the reservation, the rental cost will also be blocked to your credit card. In this case, the amount blocked to your credit card will be the rental cost plus 300 EUR (or the equivalent in local currency).

In any case, the final amount is specified in the confirmation email sent to You at the time of your booking and in the Rental Agreement. Please note that for prepaid booking, if You subsequently make additional purchases at the desk, the amount of these additional sales shall be added to the sum of the deposit.

If no additional rental costs are identified, then the deposit will be refunded within the period agreed between You and Your bank. If the deposit is paid by check, You will be refunded at the end of the Hire Period in cash.

The deposit shall be executed by You or any authorized driver and You shall use the same credit card that was used by You at the time of the booking.

20) CAN I PAY MY RENTAL WITH A FOREIGN CREDIT CARD?

If You are a foreign hirer holding a Visa or MasterCard credit card (with a base currency other than the Euro) You can benefit from the currency conversion facility into the card's base currency when paying for Your rental. The Europcar agent offering this facility to You will enter Your reply into the system and the Rental Agreement will specify the option chosen. In that case, Europcar will take care of the currency conversion, using an exchange rate based on the Reuters index, with 3,25 % exchange fees.

If You wish to change Your mind, You can do so by making the appropriate declaration when returning the Vehicle to the Europcar counter and will be forwarded Your final invoice in Euros.

If for any technical reason Europcar was to be unable to provide this service or if a You hold a VISA or MasterCard credit opted to pay in Euros, then the conversion into the base currency of the card would be carried out according to the conditions of the Your bank.

21) WHAT IS EUROPCAR DOING TO PROTECT MY PERSONAL DATA?

23) WHAT HAPPENS IN CASE OF DISPUTE RELATED TO MY RENTAL?

a) Applicable law

In case of dispute between You and Europcar regarding Your rental, the applicable law will be the law of the country of the pick-up of the Vehicle. It should be underlined that this conciliation service can only help with disputes involving a 'cross-border' rental transaction occurring within the European Union - You must be a resident of the EU and the rental must have taken place in a different EU country. EUROPCAR INSURANCE AND PROTECTION PROVISIONS

Who we are

We are EUROPCAR INTERNACIONAL – ALUGUER DE Automóveis, SA. We are a private limited company incorporated in Portugal under company number 500.074.1344 and our registered office is at Rua Carlos Alberto Mota Pinto nº 17-2º, 1099-095, in Lisbon (hereinafter “Europcar”). We supply vehicle rental services under the brands of ‘Europcar’ and ‘InterRent’.

Thank you for choosing Europcar to supply your rental vehicle needs. We hope everything will go very smoothly for you but, just in case it doesn't, we have set out below a summary of:

- insurance that we include as part of our rental service because there is a legal obligation upon us to do so (Third Party Liability insurance); and
- other protection products that we make available to you because we want to be able to give you peace of mind during your rental with us.

These insurance and protection products are designed to cover your potential exposure if any of the following circumstances occur whilst you are renting and using one of our Vehicles. Without them, you will be personally responsible for the financial consequences:

Liability to a Third Party means **other people's** bodily injury or death and / or damage to their property that occurs because of an accident or incident that you may cause. Damage to a third party's property could include buildings or their contents, machinery or personal possessions. The cost of any business interruption associated with either the third party's injury or death and/or the damage to their property will also form part of this liability.

Damage to or theft of the Vehicle the Vehicle itself may be damaged as a result of a collision or an attempted theft and need to be repaired or it may be so badly damaged that it is irreparable and we write it off; or it may be stolen and not recovered.

You should be aware that if you are the driver of the Vehicle at the time of a collision and you are responsible for the collision taking place then whilst any injured Passengers will be covered by our Third Party Liability insurance your own injuries (together with the possible associated consequences of it) or death will not. You can, however, be protected from such circumstances if you purchase any of our Personal Accident Insurance protection separately. Details of how this Personal Accident Insurance protection can benefit both you and your Passengers are available upon request.

DEFINITIONS

For the purposes of this document we have given the following words or expressions a particular meaning:

Abnormal Use means that your use of the Vehicle whilst you are in charge of it doesn't comply with the Road Traffic laws that prevail and/or does not meet with the requirements of the Local Rental terms and conditions and/or does not meet with the standards of driving that would be expected of a reasonable and prudent driver.

Accident Report means a full and complete signed statement (including any other document(s)) which records all of the facts of an accident or incident as they occurred (for example, how the event occurred, the nature of the damage to the Vehicle, the location where the incident took place, the dates and circumstances and any potential witness details).

Bodily Injury (or bodily injury) means any physical injury suffered by a person that is caused as the direct result of an accident; it is not something that is intentionally self-inflicted and it does not result from sickness or disease.

Book value means the value that a Vehicle is recorded to be worth to us on our books at the time of an incident.

Excess amount is a specified sum of money that, provided you have complied with the Local Rental terms and conditions and have not committed a major breach of any applicable laws, is the maximum amount we will charge you for the cost of any damage caused to the Vehicle during the rental period or its attempted theft; or the loss of a Vehicle if it is written off because it is irreparable or if it is stolen and we do not get it back. The Excess amount is a non-waivable sum that is governed by the conditions of the protection product you have purchased.

Local Rental terms and conditions means the document you will be asked to sign before you may rent any Vehicle from us and which sets out the rights and obligations that will apply to both you and us throughout the rental period

Loss of Use describes the circumstances where a Vehicle is unavailable for us to rent to another customer because, as a result of it being damaged whilst it is on rent to you, we need to take it off the road to have it repaired

Passenger means any person **other than the driver** that is being transported or is travelling in or on the Vehicle on a gratuitous basis. A Passenger would be viewed as a Third Party under the mandatory Third Party Liability insurance regimes

Protection (or protection) in this document applies to the means by which your financial liability for any damage to or loss of a Vehicle is limited to the Excess amount. It should be noted that this protection is not provided by way of an insurance policy

Third Party means any party to an incident – other than the driver of the Vehicle. For the avoidance of doubt a Passenger is deemed to be a Third Party

Third Party Liability insurance means insurance that provides the driver of a Vehicle with protection against liability for another party's claims for damage to his/her property or for bodily injury or death arising out of an incident. Third Party Cover is a mandatory legal requirement and it is therefore an integral part of our rental service. The cost of it is included in the rental charge.

Vehicle means the vehicle you will be renting from us

We or we/ Us or us / Ours or ours means Europcar Portugal.

You or you / Yours or yours means any named driver

THIRD PARTY LIABILITY INSURANCE

We are mandated by the laws of all of the countries in which we operate our vehicle rental services to insure our Vehicles against liability for the claims or actions of Third Parties. We have purchased the best Third Party Liability insurance from the foremost insurers in the business and it is automatically included as part of our vehicle rental services. You will therefore, as a matter of course, be covered up to the level legally required by the country in which you are renting the Vehicle for the consequences *others* may suffer as a direct result of your actions whilst you are driving the Vehicle.

What am I covered for?

As provided by law you will be insured against liability for the financial cost of any of the following consequences that may arise as a result of an incident that you cause:

- bodily injury or death suffered by Third Parties; and
- property damage sustained by Third Parties and losses and costs arising as a consequence of the damage.

What is excluded from the cover?

Third Party Liability insurance does not cover:

- bodily injury or death that you (the driver at the time of the collision) may suffer; or
- any damage to or loss of your personal property or possessions; or
- any damage caused to the Vehicle

What is the amount of my financial exposure for Third Party Liability?

Provided you have not committed a breach of any applicable laws (including any relevant road traffic regulations) and you were not making Abnormal Use of the Vehicle then you will be covered up to the level legally required by the country in which you are renting the Vehicle for the financial cost of any Third Party Liability arising as the result of a collision that you may cause.

However, if you didn't comply with those laws and/or regulations then, whilst our insurer will still fulfil its obligations to Third Parties under the Third Party Liability insurance policy, it may seek to recover from you some or all of the costs it may have paid to that Third Party as a result of the incident.

How to notify us?

In circumstances involving Third Parties it is important that you do your utmost to properly complete and sign an Accident Report form which gives all relevant details of the incident and of the Third Party. This will allow us to defend our case against the Third Party (if you are responsible for the incident) or to recover costs from the Third Party (if the Third Party has caused the damage to the Vehicle). The Accident Report form should be transmitted to us within 5 working days of the incident or as soon as you reasonably can in the circumstances.

PROTECTION PRODUCTS

DAMAGE AND THEFT PROTECTION

Our *damage protection* product limits your financial exposure for damage caused to the Vehicle whilst it is in your care as well as Your exposure for loss of the Vehicle if it is stolen or if it is damaged because it is subject to an attempted theft. Our standard damage and theft protection product is included in the rental charge and, provided you comply with the applicable laws and the Local Rental terms and conditions then, you will not be liable for any damage costs that exceed the Excess amount. If you wish, you can reduce the Excess amount or exclude it altogether by enhancing the standard damage and theft protection product (already included in your rental charge) and purchasing our premium damage and theft protection products.

What does this protect me against?

This product limits your liability to the Excess amount for the following combined costs related to:

- damage to or repair of the Vehicle or its book value if it is not repairable and must be written off; and
- our Loss of Use in the Vehicle whilst it is being repaired and / or written off; and
- the administration costs we incur in handling any claim if it is applicable

In circumstances where:

- you collide with a fixed or moving object; or
- the Vehicle is subject to an act of vandalism while you are driving or using it; or
- glass or lights or reflectors are damaged or broken or tyres are damaged or punctured

Or

- the Vehicle and /or any accessories (*being any supplementary component that is installed in or on the Vehicle that improves its specification*) are stolen following an occurrence of breaking and entering ; or
- there is an attempted theft of the Vehicle and of any accessories; or

- the Vehicle suffers any act of vandalism whilst it is stationary and left unattended by you.

What is excluded from the protection?

You will be financially liable for the full cost of the damage if the damage is caused:

- by the wilful acts of the driver; or
- by an explosion or fire in or to the Vehicle because you are using it to transport dangerous goods (dangerous goods being *any product or substance that, due to its nature and/ or main characteristics, is reasonably considered to be dangerous and which, if not transported with appropriate caution and safety, could cause harm to the Vehicle, and to any Third Party within a reasonable distance of the Vehicle*); or
- by your negligence (*which is behaviour that falls below the standards expected of a reasonably sensible person in similar circumstances*) or the negligence of your Passengers (for example a fire caused by the use or disposal of cigarettes or cigars); or

if the keys are lost or stolen

The product will not protect either you if:

- the Vehicle is stolen or damaged because of your negligence or more specifically (but without limitation) as a result of keys being left in the Vehicle whilst it is unattended, your failure to use the anti-theft system appropriately, any failure by you to return the keys to us or if you left the Vehicle unlocked when you weren't using it;
- personal and / or work related goods or possessions and any goods being transported in or on the Vehicle are stolen or damaged.

What must I do to benefit from the protection?

You must:

- comply with Local Rental terms and conditions and all applicable law and local traffic regulation when you are driving the Vehicle,
- In case of accident, notify us within 5 working days of any incident or as soon as you reasonably can in the circumstances. You must also return to us a full and complete signed statement and/or a police statement (if this is appropriate in the circumstances) and/or any other document which records all of the facts as they occurred (for example, how the event occurred, the nature of the damage to the Vehicle, the location where the incident took place, the dates and circumstances and any potential witness details). You may, of course, include any other document you believe will be useful in support of your claim.
- In case of theft, notify the local police of any incident or event immediately or as soon as is

reasonably practicable and provide us with the police report or evidence that the theft has been notified to the police.

Notify us within 24 hours of the time you discover the Vehicle is missing and forward the keys to us at the place you picked the Vehicle up.

What is the amount of my financial exposure?

If during your rental the Vehicle is damaged and you have not purchased this protection you will have to pay for the total cost of the damage. We will calculate the cost of light damage from the table matrix that can be found at www.europcar.pt. If the damage is not listed in the table matrix (because it does not fit in with what is considered to be 'light damage') then an independent expert will evaluate the damage cost which may be as much as the full book value

If, during your rental, the Vehicle is stolen or is damaged in an attempted theft or due to vandalism and you have not purchased this protection product then you will be liable for the full cost of the damage (if the Vehicle is recovered) or for the full book value of the Vehicle if it is not recovered.

However, provided you have complied with the Local Rental terms and conditions and the applicable law and road traffic regulations then the maximum you will have to pay us is the Excess amount.

- damage to tyres on the Vehicle unless it arises from any abnormal use (see definition on page 1) you may make of the Vehicle

What am I not protected against?

You are not protected under this product against the financial liability for damage to the Vehicle if it arises

because of wilful acts or negligence that you commit whilst using the Vehicle and which causes damage.

You may, of course, include any other document you believe will be useful in support of your claim.

What is the amount of my financial liability?

If during your rental any glass or lights on the Vehicle are broken and / or any tyres on the Vehicle are damaged and you have not purchased this protection then you will be liable for the full cost of the damage that is incurred by us.

If, however, you purchase this glass, lights and tyre protection (and provided you have complied with the Local Rental terms and conditions and the applicable laws and road traffic regulations) then you will have no financial liability for such damage.

PERSONAL ACCIDENT & BAGGAGE PROTECTION

The following details are for information only and do not replace or supersede the terms and conditions of the AXA Corporate Solutions (PAI n° XFR0078448GP / SPAI n° XFR0078449GP) copies of which can be found at www.europcar.pt/personal-accident-protection and www.europcar.pt/super-personal-accident-protection.

Whilst we automatically include Third Party Liability insurance as part of our vehicle rental services (for details of this insurance please see the section above entitled 'Third Party Liability Insurance') this does not cover the bodily injuries suffered by the person driving the Vehicle at the time of a collision which occurs as a result of that driver's actions (an '**at fault**' driver). If you are the cause of a collision whilst you are driving a Vehicle you will therefore not be covered for the financial repercussions of:

- personal bodily injury or death; or
- any damage to or loss of your personal property or possessions.

In order therefore to minimize your financial exposure for such damage, loss or injury in such circumstances we are offering two separate products which you can purchase.

- The first product (**Personal Accident protection**) provides cover for medical expenses incurred as a result of injuries suffered; and /or a lump sum indemnity if you are disabled or you die as a result of a collision (or an accident).
- The second product (**Super-Personal Accident protection**) provides higher and best-in-class protection for medical expenses incurred as a result of injuries suffered; and /or a lump sum indemnity if you are disabled or you die as a result of the collision (or an accident) and in corporate baggage cover as well.

PERSONAL ACCIDENT PROTECTION

What am I covered for?

Under this protection product you can claim for the financial cost of any of the following potential consequences resulting from your death or injury in a collision that occurs when you are driving the Vehicle:

- a lump sum payment of up to a **maximum of €50,000**
 - in the event of your death (or presumption of death) within 24 months of the collision or incident; or

- if you ultimately remain partially or totally disabled from the consequences of the collision or incident;
- medical expenses of up to a **maximum of €2,500** (which includes hospitalization, consultations and pharmaceutical costs; X-rays and relevant medical tests; dental treatment or any prosthetics) necessitated by the collision or incident.

If you and / or your Passengers are victims of a collision during the rental period then, provided you have purchased the product (in which case the protection will apply to you and all passengers in the Vehicle), a claim can be made against it irrespective of who is at fault. As a result:

- Passengers and a 'not at fault' driver (both of whom are considered to be third parties in the context of the mandatory Third Party Liability insurance regime) can not only be indemnified by the Third Party Liability insurer but can also collect the lump sum indemnity they are entitled to under the Personal Accident protection product;

Passengers travelling with an 'at fault' driver will be considered third parties

in the context of the mandatory Third Party Liability insurance regime can be indemnified by the Third Party Liability insurer and can also collect the lump sum indemnity under the Personal Accident protection product. However, an 'at fault' driver will only be covered by the Personal Accident protection product

What is (mainly) excluded from the cover?

This Personal Accident protection does not cover:

- any of the costs set out above if the expense was not incurred as a direct result of the collision or incident occurring whilst you were in control of the Vehicle or if you intentionally caused or brought about the accident or collision; or
- any costs relating to treatment you were receiving or medical conditions you were suffering from before the accident or incident occurred; or
- any damage to or loss of your personal property or possessions; or
- any damage caused to the Vehicle

A more complete summary of the cover provided by this Personal Accident protection product can be found at www.europcar.pt/personal-accident-protection.

What is the amount of my financial exposure?

Provided you have not committed a breach of any applicable laws (including any relevant road traffic regulations and, in particular, relating to the wearing of seat belts and not exceeding the official passenger capacity

of the vehicle – for instance if 7 people are injured in a 5 seater vehicle then the Personal Accident protection will simply not apply at all) then you will be entitled to the protection up to the indemnity limit shown above.

However, if you didn't comply with those laws and/or regulations then our insurer may refuse the cover altogether or, if it can be shown that you were partially responsible for the level of injury you suffered in the collision or incident, it may seek to reduce its liability for the costs.

How to notify us?

It is important that you do your utmost to properly complete and sign an accident Claim Form which will be made available on request. This gives us all relevant details of the incident and will allow us to ensure your claim is being handled as efficiently as possible. The accident Claim form should be transmitted to us within a maximum of 5 working days of the collision or incident.

What am I covered for?

Under this protection product you can claim for the financial cost of any of the following potential consequences resulting from your death or injury or damage to or loss of your personal effects in a collision that occurs when you are driving the Vehicle:

- a lump sum payment of up to a **maximum of €200,000**
